Since the Shoals Sewer Company, Inc., "Applicant" has no access to communicate with the Public Service Commission, the Applicant wishes to amend its application in the following manner: On page two, after the paragraph "Therefore, having submitted its application, the Shoals Sewer Company, Inc. respectfully request that the Commission: (add the following paragraph)

d. Waive the new financial responsibility requirement of \$100,000.00 - \$300,00.00 in addition to the assets of the Shoals Sewer Company, Inc., and require the previously required amount of \$10,000.00 - \$15,000.00 of net worth. The new amount is way out of line and will not be attainable or acceptable to any investor I have talked to, for the financial exposure is far more than the amount of gain that can be expected from a return. The new requirements are just not realistic for a company of this size.

Sincerely,

D. Fred Allen, President
